NOTICE

PROGRAMMER'S CLUB

This is to inform all the students of Mangalayatan University that a special club is being created for students interested in computer programming. The members of the club will be able to attend special workshops on **JAVA** and **dotNet** technologies. Workshops on Android, Open Source Programming and possibly other technologies would also be planned soon.

The main focus of the club is to enhance the members' programming skills, analytic skills and experience in the Software Development Life Cycle (SDLC). The members' programming skills will eventually be evaluated and the best programmers would be selected to further work and gain experience on **live projects** .

Students can register for free and join the club through Mangalayatan University's Student portal. The registration process shall close by 15th Sep 2014. For any further queries or clarifications feel free to contact:
